OBJECTIVE:

I am keen to gain employment in the field of graphic design that best suits my skills and experience, in an atmosphere that supports collaboration, problem-solving and continuous learning.

EDUCATION:

2009-2010 **Emily Carr University of Art and Design** – Vancouver, B.C.
British Columbia Institute of Technology – Burnaby, B.C.
Management Certificate in Design Essentials, with Distinction

2000-2007 **University of British Columbia** – Vancouver, B.C.
Bachelor of Music, majoring in Composition

EXPERIENCE:

2006-2010 **Northwest Musical Services** – Vancouver, B.C.

Sales Associate - I was responsible for sales analysis and purchasing, and worked with a team of customer-service representatives. I was also involved in photography, print and social media advertising, and website maintenance.

2004-2005 **The Banff Centre & New Media Institute** – Banff, A.B.

Audio Assistant - I engineered audio recordings of live concerts, demos, and recording sessions. In addition, I participated in sound design projects for e-zine *Horizon*⁰ and *CAVE*, the latter of which received an honorary mention at the Art and Artificial Life International Competition in Madrid.

1999-Present **Freelance Graphic Designer & Audio Engineer**

I started out in graphic user interface design for clients in the U.S., and throughout my university career contracted for the UBC School of Music and for individual clients as a recording engineer, additionally producing promotional photography, websites, posters, and CD packaging.

COMPUTER SKILLS (MAC OR PC):

Graphics - **Adobe CS4** and **QuarkExpress**

Office - **Microsoft Office** and **OpenOffice Suites**

Audio - **Protools**, **Nuendo**, and **Pyramix**

Hardware - PC assembly & maintenance; Mac maintenance

Provisional Member of the Society of Graphic Designers of Canada
